

# JACK CAVANAGH

## PROFILE

With my educational background in Chemistry my career started in retail and hospitality and since then, I have developed a strong skill set, which includes being able to work in high pressure environments, working to deadlines, organization, problem solving and time management.

I consider myself to be hardworking and reliable. My most recent role within recruitment led me to further develop my relationship building skills, as well as ability to efficiently multitask and adapt when faced with rapidly changing situations.

## TECHNICAL SKILLS

## EDUCATION

### Bangor University – BSc Chemistry

2012 - 2016

Completed my dissertation in Computational Physical Chemistry, giving me an introduction to computer coding and high-level computational mathematics & physics.

### Just-IT – Skills Boot Camp Software Engineering

2023 – May 2023

I have most recently been enrolled as a student on a government funding DFE Skills bootcamp designed to help people begin a career in Tech. This course has taught me the fundamental skills of a programmer, including coding with various languages including JavaScript, Python, HTML/CSS and SQL.

## WORK EXPERIENCE

### Stott and May - Recruitment Consultant – Software Engineering (DACH)

Feb 2022 – Feb 2023

360 Recruitment consultant specializing in Java/Kotlin Full-Stack Software Engineering while also covering a wide scope of roles including mobile development on iOS & Android, Machine Learning engineering and QA Automation. Promoted after successfully hitting my target to sign clients and place candidates.

### Hospitality – Waiter, Bartender & Manager

Oct 2019 – Dec 2021

Bartender and Waiter positions at a number of venues including **The Blind Pig, Soho**, which is part of the Michelin Starred The Social Company, and **Disrepute** which has consecutively been placed in the top 50 bars in London. I then was appointed Bar Manager at **The Plough**, a fine dining Gastro Pub in Sevenoaks.

### World Travel

May 2017 – Sept 2019

After graduating university, I took some time to travel around the world, spending the majority of my time in Australia. Prior to this I travelled through dozens of countries across Europe, Africa, and Asia. I also took part in a number of leisure activities which included climbing to the top of Kilimanjaro and sky diving. Both of these activities helped to develop my determination to succeed when faced with a daunting task.
